# VisualFUNERAL<sup>®</sup> 3

**Proud developers of the preferred Funeral Industry Administration Software**

Visual Funeral 3 is feature rich Funeral Policy administration software for both funeral parlours and administrators.

VisualFuneral3 has been in the industry for over 20 years - growing with the industry and meeting the ever-increasing demand of policy management software.

Some key features include:

- Policy and data administration
- Various different management reports
- Realtime statistics
- Underwriting schedules
- Member communication via SMS Centre
- Complete tracking and auditing
- Secure data
- Cloud based with managed backups
- Multiple integration partners with offsite payment options
- Debit order integrations with Netcash and NuPay
- Compatible with most South African insurers
- Parlours and Administrator systems can be linked with data synchronisation
- Linked Visual CashPay Android application
- User-friendly interface
- Competitive Pricing
- Maintain various different insurers and commission structures on one system
- Vital Funeral Parlour tools such as Funeral invoicing, stock and inventory management, claims agreement, collections and logbook register, daily cash-up, diary and arrangements
- Dedicated WhatsApp support line
- Regular updates with new features
